LOVE IN A COTTAGE

YNICS are apt to call young couples who yearn for love in a cottage nuts. We know that in many cases these cynics are wrong, but still there is a connection between nuts and cottage cheese and confectioner's sugar and such things. What sort of connection this is revealed in the following delicious recipe which is one of the things that distinctly help to make love in a cottage delicious.

Cottage Salad
Add one-half cup chopped pecans or walnuts to two cups cottage cheese. Wash and hull one-half pint strawberries, add six marshmallows cut in pieces, and

lots of worry for the inmates, but such is life—and it comes out right in the end if we have the faith and the right kind of faith in God.

Shows "Uncle Sam" Has Not Had Depression In Revenues

Interesting facts concerning tobacco taxes collected by the government were shown in a chart brought to this office today by County Agent R. B. Hudgins.

In 1923, where the financial condition of the county was vastly superior to today, total

tobacco taxes from all sources were: \$396,450,041.03.

In 1931, total tobacco taxes had increased to \$444,278,502.62.

Over \$300,000,000 of this total came from cigarettes, other items included cigarette paper, snuff, and miscellaneous tobacco collections.

It might be added that "Uncle Sam" has felt no depression in revenues from tobacco during the past four years.
